BORDERLINE SUPPLY / NATIONAL SOURCING LEADS

SUPPLIER AND MIDDLEMAN LEAD MAP

This list is built around the national middlemen most likely to surface equipment before it hits the open market: commercial fitness distributors, installation networks, commercial movers, and corporate wellness operators.

DOWNLOAD PDF REPORT

SNAPSHOT TARGET TITLES SEGMENTS LEAD LIST PRIORITY CONTACTS SOURCES PDF

SNAPSHOT

The best supplier-side lead strategy is not just “find gym owners.” It is finding the people upstream from closures, refreshes, tenant improvement cycles, and corporate amenity transitions. Those people usually sit inside sales, installation, project management, relocation, or corporate fitness operations.

ORGANIZATIONS

PRIMARY BUCKETS

43

National and multi-market targets across distribution, trade-in, logistics, relocation, hospitality, multifamily, and corporate fitness operations.

6

Commercial fitness distributors, hospitality fitness specialists, trade-in and liquidation partners, fitness logistics groups, commercial movers, and corporate wellness operators.

LINKEDIN SIGNALS

10+

Public LinkedIn company pages, hiring signals, or named contacts attached where usable.

OUTPUT

Dashboard + PDF + 2 CSVs

Use the main CSV for market coverage, the priority file for immediate outreach, and the PDF for client sharing.

DOWNLOAD CSV DOWNLOAD PDF REPORT

TARGET TITLES

These are the roles most likely to know when equipment is being replaced, relocated, decommissioned, or traded in.

TIER 1

COMMERCIAL SALES

- Commercial Sales Representative
- Commercial Account Manager
- Territory Sales Manager
- Director of Commercial Sales

TIER 1

INSTALL AND SERVICE

- Installation Manager
- Service Manager
- Installation Coordinator
- Trade-In Program Manager

TIER 1

RELOCATION AND DECOMMISSION

- Project Manager
- Move Coordinator
- Relocation Manager
- Decommissioning Manager

TIER 2

CORPORATE FITNESS OPS

- Program Manager
- Corporate Fitness Manager
- Site Manager
- Equipment Procurement Manager

SEGMENT READ

Borderline should not build one sourcing list. It should build parallel lists because each segment sees different kinds of inventory at different moments.

COMMERCIAL FITNESS DISTRIBUTORS

Best source for trade-ins, replacement cycles, and facilities refreshing entire packages. These teams often know what is leaving before the market does.

FITNESS LOGISTICS AND INSTALLATION

Strong source for relocation, extraction, and reinstallation opportunities. These operators are closest to equipment moving in and out of service.

COMMERCIAL MOVERS

Best source for office gyms, amenity spaces, and corporate facilities during closures, consolidations, and redesigns.

CORPORATE WELLNESS OPERATORS

Useful for campus, tenant, and employee fitness centers where they influence procurement, refreshes, or vendor relationships nationally.

TRADE-IN AND AMENITY SPECIALISTS

HOSPITALITY FITNESS DISTRIBUTORS

These groups see refresh cycles in multifamily, hospitality, and corporate environments and often have a cleaner line of sight into outgoing equipment.

Hotel and resort fitness specialists who see refresh cycles before the broader market does. When a brand upgrades a fitness room, these are the first calls. Trade-in coordination and extraction are core parts of the relationship.

LEAD LIST

This list prioritizes national or multi-market operators that can surface volume, repeat opportunities, or early visibility into upcoming equipment transitions.

FITNESSMITH

Website · LinkedIn
Michael Scichilone

Distributor

National footprint, trade-in and removal programs, pre-owned focus, and nationwide sales and service.

PRIORITY

CHIPMAN RELOCATION AND LOGISTICS

Website

Commercial moving and relocation

80 years of office and commercial decommissioning experience. Part of the United Van Lines network. Explicit decommission services for corporate facility transitions make this a strong middleman for amenity and office gym removals.

- Project Manager
- Decommissioning Specialist
- Commercial Sales

8

PRIORITY

BUY AND SELL FITNESS

Website

Trade-in and liquidation

Bulk commercial gym equipment buyer with nationwide reach and active auction channels. Explicit buyback posture for equipment from closing or upgrading facilities. Accepts major brands including Cybex, Precor, and Life Fitness.

- Owner and Procurement Lead
- Commercial Liquidation Specialist
- Acquisition Manager

8

PRIORITY

KINEMA FITNESS

Website

Corporate wellness operator

Privately-owned corporate fitness center management company operating 70+ locations across the country. Close to refresh and decommission decisions at corporate sites including major tech and consumer brand accounts.

- Business Development Director

- Operations Director
- Program Manager

8

PRIORITY

NIFS

Website

Corporate wellness operator

National corporate fitness management and staffing across 16 states based in Indianapolis. Manages equipment procurement, programming, and facility transitions for employer clients with a public contact path.

- Program Manager
- Corporate Fitness Manager
- Regional Manager

7

PRIORITY

PRO GYM SUPPLY

Website

Trade-in and liquidation

Active commercial trade-in and buyback program in the Northeast. Has a dedicated purchasing team for commercial equipment from closing, upgrading, or liquidating facilities. Northeast-focused but worth a direct call.

- Purchasing Specialist
- Commercial Buyback Lead
- Equipment Procurement

7

PRIORITY

THE FITNESS RESOURCE

Website

Trade-in and liquidation

Certified remanufactured and pre-owned commercial fitness equipment from major brands. Has an explicit sell channel and a national service network. Good route for sourcing and relationship-building in the secondary commercial market.

- Commercial Sales
- Equipment Acquisition Lead
- Service Manager

7

PRIORITY

PEREZ MOVE MANAGEMENT

Website

Commercial moving

Project-managed corporate relocation model with individualized move plans.

- Move Manager
- Project Manager

5

PRIORITY

Use the CSV for sorting, segmentation, and enrichment. Where public LinkedIn person-level signals were available, they are included there as well.

PRIORITY CONTACTS

This file narrows the national list down to the contacts and contact routes with the strongest public support, including named people, public emails, phones, and region when available.

WHAT IS INSIDE

- Named contacts where public signals were strong enough to use

BEST USE

- Start with Priority 1 contacts first

- Public company emails and direct emails where clearly posted
- Phone numbers and operating region
- LinkedIn paths for faster manual enrichment

- Personalize outreach by segment and current need
- Reference trade-ins, removals, refreshes, relocations, and extracted inventory

DOWNLOAD

- Priority Contacts CSV
- Main Lead Map CSV
- PDF Report

OTHER AVENUES

Some of the best opportunities will show up outside direct company outreach. These are the side channels Borderline should monitor if it wants earlier visibility into closures, liquidations, and refresh cycles.

TRADE-IN AND BUYBACK PAGES

- 360 Fitness Solutions
- Gym Store trade-in programs
- PreOwnedGym and similar upgrade-credit funnels

AUCTION AND LIQUIDATION CHANNELS

- Local liquidators and surplus resellers
- HiBid, Proxibid, AuctionZip, and regional auction houses
- Search terms like gym liquidation, fitness center closeout, and office gym auction

INFORMAL SIGNAL SOURCES

- Facebook Marketplace and Craigslist for small and mid-size operators
- Reddit and reseller communities as signal channels, not primary contact

databases

- Local broker and move-manager referrals where office gyms are being decommissioned

SOURCE NOTES

This list was built from public company pages, public LinkedIn company and profile snippets, public procurement PDFs, public contact pages, and a second-pass manual enrichment for direct outreach routes. It is a strong sourcing map, but it is not yet a fully enriched people database.

BEST NEXT ENRICHMENT STEP

- Run the Priority Contacts file through LinkedIn Sales Navigator, Apollo, or Clay
- Prioritize people with titles from the Tier 1 and Tier 2 stack
- Append more direct phones, verified emails, and territory detail where available

WHAT IS ALREADY HERE

- Segmented company list
- Priority score
- Best title targets
- Public contact route
- LinkedIn company and selected person signals

HOW TO USE IT

- Start with fit score 8 to 10
- Split outreach by segment rather than one generic message
- Ask about trade-ins, decommissions, refresh cycles, and extraction support

DOWNLOAD CSV
